Songs

[My Bonnie Lies Over the Ocean – Stress, rhythm, linking, easy to sing](#)

One method: Present lyrics first, teach points of pronunciation, stress, rhythm and linking before playing the music. Sing slowly with limited music.

When you sing this song, pay special attention to linking the words "lies over" and "the ocean", and to pronouncing the final consonants in "oceann", "bringg", "backk", "bed", and "deadd".
